

Now Available: Extended Warranty for Retrofit Fan Coils

FOR WARRANTY, SERVICE OR REPAIR.

We are pleased to offer an extended warranty. Our extended warranty covers the same terms as our 2-year manufacturer's warranty that's provided when you purchase the Unilux CRFC retrofit fan coil and have it installed by a Factory Authorized Dealer.

The extended warranty is provided by and backed by Unilux CRFC – we have been in business for almost 50 years – building, servicing, and installing fan coils in high-rise residential buildings. The warranty covers all parts and labour for any failure. You must, of course, complete regular cleaning and maintenance, including changing your filter on a regular basis, the rest is up to us.

If you ever have an issue with your Unilux CRFC fan coil, simply call our Service Department at 1-800-397-3680 or email service@uniluxvfc.com.

Satisfaction guaranteed.

We offer three payment options for extended warranty – to total of 10 years from installation date:

- One-time payment on installation: \$499.00
- Annual payments: \$79.99/year for 10 years
- Monthly payments: \$6.99/year for 10 years

Plus, all applicable taxes.

Thank you for choosing Unilux CRFC.
