Why residents are choosing ecobee!

COMFORT

Includes ecobee SmartSensor, a wireless sensor you can place anywhere in your home to keep busy rooms comfortable.

SAVINGS

Reduces energy use and helps residents save up to 26%* annually on heating and cooling costs.

*Compared to a hold of 72°F. Learn more at ecobee.com/savings

ADVANCED CONTROL

With Alexa built-in, residents can ask to play music, hear the news, check weather, control smart home devices, and more. Plus they can control from anywhere with any iOS or Android device.
